2015 FAPECA Conference at Pattaya,  
Thailand

何彬興

Ho Pun Hing

Nineteen people including three Chinese were killed with over 110 other people injured in an explosion in downtown Bangkok in the evening of 17 August, 2015. All people were shocked and saddened by the incident. But for the spirit of FAPECA, the show must go on. Nineteen HKECA members undaunted by the tragedy departed as scheduled in two groups on 19 and 20 August to attend the conference to be held on 21 August, 2015 at Pattaya. Nevertheless all delegates bore in mind that safety should be ensured during their visit. After 2 hours' flight the second group landed at the Bangkok airport, some members lost no time in lining up to buy local wi-fi prepaid cards to make sure their communication with local or Hong Kong affairs, business or personal, would not be lost due to geographic separation. Nowadays, most people just cannot simply live without surfing local or overseas networks daily by means of the handy mobile phones.

In less than two hours' coach ride, we arrived at Pattaya which is 160 km east of Bangkok. After refreshing ourselves slightly in the hotel, we joined the first group to have a dinner in an open air restaurant. Without air-conditioning, summer heat of Pattaya did not bother us from enjoying a treat of fresh sea-foods and plenty of cold beer to help stimulate our appetite.

Next morning on 21 August, all delegates gathered together early at the hotel lobby carrying their national flags. Accompanied by the joyful music of the marching band all delegates were ushered in an orderly way to TEMCA Forum and Exhibition 2015 Pattaya grand opening. After the formal welcome address delivered, we were allowed to tour around the exhibition hall, browsing at the products of latest development on display. On our way there were some twenty tradesmen busy taking electrical skill competition, the first winner would be able to fetch 30,000 bahts in addition being an exemplary role model, an aspiration to others. I believe similar event can be organized by HKECA to help promote trade workmanship other than making annual donations to scholarships for VTC. The stalls were well laid out and decorated and there was no shortage of pretty, smartly dressed up promotion girls to help marketing of their products, much to the delight of many visitors.

In the same afternoon, the 29th FAPECA board meeting was held. Members were delighted that SECA had kindly

accepted to host FAPECA conference in Singapore in 2016. After much discussion, the theme of the conference will be focused on "Sustainability" which is the buzz word these days. TEEMA expressed their intention to play host in 2017 in Malaysia. Good news for HKECA because Mr. Emil Yu was elected as the Vice President of FAPECA for the coming term.

After a short break, a welcome dinner was laid out in the near-by Diamond Room. Some member countries such as Korea and Thai were dressed up in colourful national costumes which stole the lime light during the evening. Each delegate was to wear a long scarf at the waist to mark the occasion as a souvenir. Before the commencement of the event, delegates could have individual and group photos taken together with warriors dressed in traditional formidable costumes. Before the Thai cuisine was savoured, all members enjoyed modern and traditional live music and dances with the climax being a Thai puppet show, each puppet played out by of three persons. As usual, souvenirs were exchanged between the host and the president of member countries to foster the co-operation among the FAPECA members.

The next morning, the highlight of the conference was the key-note address by Dr. Prasert, Deputy Director General, who gave an impressive account of the theme "Energy Savings- It's in our hands" which is a major concern to all member countries. HKECA's paper "The Efficient Use of Energy" was presented by Dr. F. C. Chan. He emphasized that to solve the two issues of the Earth today, namely, climate change and dwindling energy resources, we must make best of the available energy effectively. As a matter of fact most speakers echoed the issue with the following similar measures:

- Strong commitment to energy policies by Government
- Embark on energy efficiency & conservation programmes :
  1. Mandatory requirements via rules and regulations;
  2. Standards and labeling for household appliances;
  3. Fuel mix targets including renewable energies;
  4. Energy management programmes;
  5. Energy management services & energy audit;
  6. Recognition award;
  7. Public awareness and behavioural change.
- Develop guidelines on energy conserving designs of buildings

In the same evening, all delegates enjoyed their buffet during the farewell dinner party and karaoke entertainment. Then we were asked to join the TEMCA UP Fun Fair where we, together with many local guests, were entertained with live singing and dancing by Thai famous artists which were really eye catching except that we, from Hong Kong, did not understand the Thai language by the M.C. In addition, the host took the opportunity to hand out skill competition awards, best construction awards, etc., to the winners. When we returned to the dining room, all participants kept up their high spirits, singing and drinking to their hearts' content.

There was no doubt all participants had an awesome and good time in Pattaya and many happy memories will stay on our minds for a long time to come.

2015年8月17日那天，曼谷市區發生了一個駭人聽聞的街頭爆炸事件，傷及110人，19人死亡，包括3名中國公民在內。這事件來得非常突然，嚇人心魄！就在此惶恐時刻，另一邊廂，却有19名香港電器商會成員，沒被絲毫嚇倒，毅然依照預先安排，於8月19,20天，聯袂飛往芭堤雅，出席亞洲太平洋電氣工事協會（FAPECA下簡稱(亞電會)）會議！大有“雖千萬人吾往矣”之氣慨，充份顯現 “會”的無畏精神！

在這次考察訪問，團員深知緊記安全第一的嚴重性。飛了個小時後，第2分隊已安抵曼谷機場。甫下機，團友即急不及待前往輪購wi-fi預繳咭，好得在公在私，可與香港保持聯絡。時至今日，瀏覽網頁已成港人日常生活的一部份，而輕巧神通的手機，更是每人每天隨身不可或缺的好朋友！

不到個小時的行程，旅巴便把我們送到了位於曼谷以東約160公里的芭堤雅。梳洗後，我們立即前往一所露天廳，和第1分隊會合，並共進晚。那處雖然空調欠奉，但芭城的酷熱，並未有破壞了我們品嚐一系列生猛海鮮的興緻，而供應不絕的冰凍啤酒，服務員熱情接待，更刺激起訪客們近似貪婪的胃口和食慾！

翌日8月21，訪團一早齊集酒店大堂，眾人手中各持所屬國家的旗幟。傾刻，輕快歡欣的軍樂悠然奏起，把我們送到”2015 芭堤雅泰機電承包商(TEMCA)論壇暨展覽”的開幕典禮上，安排秩序井然。歡迎詞過後，我們隨意遊覽展廳，並欣賞各項展品。沿路看到有大約20名技術人員，正忙着參與”電器技能比賽”；據知勝出此項賽事者，除可得30,000泰銖作為獎勵外，並被榮封為模範榜樣，鼓舞後來。再環視四周，裝備標緻的展覽攤位，和五光十色的展品，吸引着每個訪客，更有吸引力者，莫過於一班展品促銷佳麗，她們個個穿着醒神，面貌娟好，訪客無不額手稱慶！也使我忽發奇想：香港電器工程商會，既然每年都給職訓局(VTC)捐獻多項獎學金，為何沒有考慮過，依樣葫蘆，舉辦上述的比賽，促進電工技能！

同日下午，第29屆FAPECA董事局開了會議，欣慰SECA同意於2016年，在新加坡負責主下屆(亞電會)會議。經過磋商，選取了現今最流行的口號：[企業可持續性]，作為下屆議的主題，無人異議。同時又喜見TEEMA表態，不介意於2017年，在馬來西亞，主辦(亞電會)會議。值得我們電器商會欣慰的事，是我們會長于建安先生獲選為來屆亞電會副總裁。

休息後，歡迎晚宴設於附近的[鑽石餐廳]。一部份南韓和泰國的代表，均穿上他們國家的傳統服裝，登時顯得七彩繽紛，奪目搶鏡。同時大會亦規定，每位代表當晚均要在腰間，纏掛一條彩色圍巾，標誌當晚盛會的特色。在正本戲未有上演和品嚐泰國美味前，一部份代表趁機和披上紅嗲嗲傳統戰衣，作武士打扮的人物，拍照留念。與此同時，大會又安排了音樂演奏和舞蹈表演等多項節目，極聽之娛，最後更獻上泰國式木偶戲，作為壓軸表演（註：每一木偶由三人聯合扮演），才把好一個晚上，劃上句號！後會長們又依俗例互贈紀念物品，用意是以牢固亞電協會各成員的合作精神，和增進彼此的了解和友誼！

翌日早晨，大會重頭戲終於出台，就是由泰國能源部副總裁 Dr.Praser 向大家致詞，深入地陳述一個廣為各國代表所關注的課題：“節約能源-盡在掌握中”。跟着，陳福祥博士亦介紹了香港電器工程的文件，名為“善用能源”，當中他調了一個重點：就是說若要決地球當下個棘手議題（即氣候變遷和能源萎縮），人類則必須善用手上現有的能源。場內講者均異口同，說着感同身受，先後作出和應，並指出推行下列措施的迫切性：

- 政府對能源政策的承擔
- 推行能源效益和節約計劃：
  1. 透過立例實行強制性要求
  2. 規範家用電器的標準和標籤
  3. 標把混合燃料包括再生能源
  4. 推行能源管理計劃
  5. 推介能源管理服務和能源審核
  6. 頒贈認證獎勵
  7. 提升公眾認知和關注行為
- 發展屋宇能源節約設計指引等等

在當晚的告別宴上，我們享受了一頓豐富的自助餐，和開心地對着卡拉OK唱個不停。跟着被邀至TEMCA UP Fun Fair，和其他來賓共賞歌舞，演出者都是了得的泰國藝人，看得眾人目不暇給，只是不懂司儀的泰語介紹，實為美中不足矣。曲終人散前，主人家又開心地派發多個技能競賽獎項，把現場氣氛搞得熱烘烘，幾至頂點！返回餐廳，大家猶在碰杯歌唱，情緒之高漲，意之未盡，得未曾有呢！

毫無疑問，這次芭堤雅之行，實在給了大家一段美好時光，還深深地印在眾人腦海中，留下一個悠長不滅的歡樂回憶！
