

Please see below information from CLP regarding Getting Electricity Supply to Low-rise Industrial Building Development (e.g. 2-storey warehouse) for your information.

### **低層工業大廈(例如兩層高貨倉)更快獲得電力供應**

就低層工業大廈 (例如:貨倉)電力供應的新申請，中電自 2018 年 1 月 1 日起，已精簡了電纜鋪設工程的工序，以縮短處理電力供應所需要的時間。有關申請程序及資格可瀏覽中電網頁

### **Faster to Get Electricity Supply to Low-rise Industrial Building Development (e.g. 2-storey warehouse)**

To reduce the time required for new applications from low-rising industrial buildings (including 2-storey warehouse) to receive electricity supply, CLP has since Jan 2018 streamlined the external cabling work process. Details of the application process and eligibility criteria are available on the CLP website.
